CLUB 60

When I ask people whom I know, and who are in their 60's and 70's, why they haven't joined CLUB 60, I sometimes hear the comment -- "that club is for old people". Well, let me tell you that we have members in their 60's, 70's, 80's and 90's and those in their 80's and 90's are having a good time meeting and making friends at our meetings and enjoy the speakers, entertainment, and lunches that we provide.

However, if you want a club that's younger, there's only one way to make it that way -- JOIN and bring your friends. And if you're in your 80's and 90's, join also. You will find a few hours of enjoyment and socialization.

Next meeting: Sept. 9th (noon at the Community Church)

RESIDENTIAL CERTIFICATE OF CONTINUED OCCUPANCY REQUIRED

Any rental, lease, or sale of any residential use will require the owner to apply and secure a **Certificate of Continued Occupancy** from the **HP Building Department**. *This inspection is in addition to the Smoke Detector/Carbon Monoxide Certificate also filed through the Building Department.*

Building Department Corner

HOT WATER HEATER AND BOILER REPLACEMENT

When a hot water heater or boiler requires replacement, a permit from the Building Department is required to ensure that the contractor installs the appliance per the code and that the appliance is safe for operation.

If it is an emergency repair, it may be done without prior approval or a permit being issued provided that the Building Department is notified and a permit is applied for within 5 days of installation. Please be aware that all code requirements will still have to be met and, as per N.J.A.C. 13:45A-16.2(a) 10.ii, **final payment to the contractor is not required before final inspection is performed.**

One important aspect of this installation is the condition and sizing of the existing chimney liner for the new appliance. Today's hot water heaters and boiler are more efficient which may have an adverse effect if the chimney liner is not sized correctly, especially if the chimney is an exterior chimney. **When replacing a hot water heater or boiler that is connected to an exterior chimney, it is more than likely that a chimney liner will be required to be installed.**

Fire Prevention

1. Check all Smoke & Carbon Monoxide detectors that they are in good working condition. If they are not, replace them.
2. Replace all batteries at a minimum of twice a year.
3. For the upcoming Holiday Season, please check all of your electric holiday decorations, to make sure the wires are not worn or broken

Look at the Borough website for recalls from the Consumer Products Safety Commission. Updates are posted on a regular basis when received.

FROM THE MAYOR'S DESK ...

THOSE AUTUMN LEAVES AND OTHER VEGETATIVE DEBRIS

Our DPW does not begin leaf collection until at least mid-October. Until then, residents should not be putting yard clean-up materials, such as leaves and cut grass, into the road, and need to make sure that lawn services are not doing the same. Accumulated yard waste eventually becomes unpleasant and interferes with traffic, pedestrians and bicycles moving on the street. This is a borough ordinance, not merely a suggestion. Violators are subject to a summons and a fine. Please help keep our roadways and neighborhoods clean as we enter the cooler months of the year.

JOSEPH M. JORDAN-OUR NEWEST EAGLE SCOUT

On Saturday, July 16, 2016, a Court of Honor was held for Joseph MacGregor Jordan at the Community Church of Harrington Park. Joseph joins an elite group of young men who have attained the highest rank in the Scouting Program. I was pleased to be part of the ceremony honoring this outstanding accomplishment. Others who also made presentations to Eagle Scout Jordan were all of our State representatives of Legislative District 39, the HP Police Department, and the Bergen County Sheriff's Department. Joseph's Eagle project involved building an outdoor classroom at the Harrington Park School. This project provides space for faculty and students to enjoy outdoor instruction in the school's courtyard. I'm sure you join me in congratulating Joseph and wishing him great success at the University of Pennsylvania this fall.

JOIN US FOR OUR 9/11 CEREMONY

This year we mark the 15th Anniversary of the attack on the World Trade Center. Our ceremony will take place on Sunday, September 11, 2016 at 12:30pm. The service will take place at our Memorial site at Highland Field, on Tappan Road. I want to express my thanks and appreciation to Rev. Diane Rhodes of Saint Andrew's Church and Ms. Ann Bistriz, our Borough Clerk/Administrator, who to the lead in organizing the event. Hopefully, you can join us for this moving tribute to all those who died on 9/11/2001, and especially the four residents of Harrington Park who lost their lives that tragic day.

SEE YOU ON TOWN DAY

The Recreation Commission has announced that Town Day will be held on Saturday, September 10, 2016, from noon until 4pm (rain date September 11 from 1pm-4pm). This year's event promises to be bigger and better than before. This is a great opportunity to meet and greet neighbors and renew old friendships.

PLEASE HELP WITH THE BEAUTIFICATION FUND RAISER

Our Beautification Committee is selling t-shirts and sweatshirts to raise funds to support their efforts throughout the Borough. The display on the front of the shirt features the name of the town and our zip code. Shirts are available in the Borough Clerk's Office and also will be sold at Town Day. The price is right, and the cause is truly worthwhile. Thank you for your interest and support.

IN THE INTEREST OF SAFETY

I'm making my annual request of homeowners who have fire hydrants on, or near their property. Please consider keeping the area around the hydrant free of weeds, leaves and snow. Your cooperation will save our firefighters precious minutes when they respond to fires in your neighborhood. This is especially true during the colder winter months.

.....Continued on the next page

From the Mayor's Desk continued.....

RECENT COUNCIL ACTION

With the assistance of the Planning Board, the Council has recently approved Ordinance 705. The ordinance amends Chapter 350 of our zoning ordinance and creates the "OALSR" zone on Old Hook Road. The new zone provides for an office, assisted living and senior residential community district. In addition, a Fair Share Plan and a Housing Element Plan have been approved as we work towards meeting our COAH requirements.

KEEP THE CHILDREN IN MIND

Unless posted otherwise, most local streets in Harrington Park have speed limits of 25 miles per hour. With school re-opening, and the fall sports programs starting again, please drive carefully. As you know, many times children are not as careful as they should be while playing or bike riding. Please slow down and protect our children.
